## Why a Workshop on Alcohol Liability and Risk Management for Golf Courses?

Golfing is a popular leisure sport and a social activity for many and is often combined with alcohol use. In recent years there has been a growing trend for the courts to hold a person or licensee responsible for the conduct of others related to the service and availability of alcohol.

The size of awards (\$) for damages from injuries and death related to alcohol has dramatically increased.

As golf courses become more vulnerable to lawsuits from the service and availability of alcohol, golf courses need to be aware of both their legal obligations and duties. Golf course owners and managers need to develop and enforce a risk management plan to prevent situations that can lead to the harm of patrons and resulting potential litigation.

“It won’t happen to me” is a myth. It can happen to you. Be prepared and have a plan.

We are pleased to offer you this workshop to enhance your Alcohol Liability and Risk Management.

Attend this workshop to protect yourself, your patrons, your profits.

### ASSESS THE SITUATION!

Review your existing alcohol service policies and practices?  
Are there new points that should be added?

What are your legal requirements?

What are the industry norms?

Are your alcohol policies and procedures clear, consistently applied, and aware of by all.

**Bar Policy Development** is a program presented by Larry Grand, retired consultant with the Centre for Addiction and Mental Health. He has written extensively on alcohol liability and the related policies that can reduce this risk. Has written a book called “No More Risky Business”.
