

Overdose Alert.

May 2, 2024

3 non-fatal overdoses have occurred in the past 72 hours; 2 in Owen Sound, 1 in West Grey. Fentanyl is suspected and the route of administration was smoking in all cases. Multiple reports of prolonged sedation also received.

Follow these harm reduction practices:

- **Don't use alone. Have a trusted, sober friend present. Call or text NORS 1-888-688-6677 if using alone.**
- **Get overdose prevention training & carry a naloxone kit.**
- **Take extra caution if mixing substances. Mixing substances can increase the risk of harm and drug poisonings.**
- **Go slow. Always start with a low dose and increase slowly, especially if trying something new or restarting use.**
- **Use only new supplies and avoid sharing supplies. This reduces the risk of getting or passing on an infectious disease. Supplies are available at GBPH and community partners.**
