- 5 new cases reported in past 24 hours in Grey Bruce: 2 – Chatsworth, 2 – Georgian Bluffs, 1 – Owen Sound

“Thank you Grey Bruce communities; keep up the great work! The number of cases continues to decline. What is most reassuring is that about half of the new cases were previously identified as close contacts. As such, they have been in isolation during the past week prior to being identified as a positive case. Having already been in isolation means there will be no secondary transmission from these cases to others. Also, almost all the new cases have been very accommodating in providing complete and detailed information on where they have been and whom they contacted. That information further ensures our Case and Contact management team is better able to further minimize the risk of any additional transmission from these cases.” Dr. Arra

# Situation Report #412 COVID-19

Grey Bruce Health Unit | Incident Management System

May 3, 2021

**Current Situation:** Grey Bruce is part of the [province-wide emergency shutdown](#) effective Saturday April 3, 2021 and [enhanced measures](#) on April 17<sup>th</sup>, 2021. The government intends to keep this shutdown in place until May 19, 2021.

***Follow the 3 W's – Wash hands frequently, Watch distance (ideally 6ft), and Wear face covering correctly, and the 2 A's – Avoid Crowds and Arrange for outdoor activities instead of indoors whenever possible.***

## Testing and case counts reported as of 23:59 hrs, May 2, 2021:

- 6 new cases reported in past 24 hours in Grey Bruce: 3 – Southgate; 2 – South Bruce; 1 – Meaford

“Thank you Grey Bruce communities; keep up the great work! The number of cases continues to decline. What is most reassuring is that about half of the new cases were previously identified as close contacts. As such, they have been in isolation during the past week prior to being identified as a positive case. Having already been in isolation means there will be no secondary transmission from these cases to others. Also, almost all the new cases have been very accommodating in providing complete and detailed information on where they have been and whom they contacted. That information further ensures our Case and Contact management team is better able to further minimize the risk of any additional transmission from these cases.” Dr. Arra

- 1217 confirmed cases
  - Includes 288 cases of Variants of Concern (VOC), 37 active
- 59 active cases
- 199 active high-risk contacts
- 1153 resolved cases
- 3 confirmed case(s) hospitalized in Grey Bruce due to COVID-19
  - +7 case(s) transferred from other Health Unit's to local Intensive Care Units; all cases remain with the transferring Health Unit and are not reflected in local case counts
- 3 deaths in Grey Bruce
  - +1 death related to a Grey Bruce resident that acquired the infection and was treated outside of Grey Bruce
  - +1 death related to a Grey Bruce resident that acquired the infection in Grey Bruce however passed away outside of Grey Bruce
- 93 cases reported in health care workers; reports health care workers living in Grey Bruce and working both in and outside Grey Bruce
