

OVERDOSE ALERT - Posted June 14, 2021

Today, June 14th, 2021, The Grey-Bruce Automatic Opioid Alert System identified four non-fatal Opioid Overdoses reported in Grey and Bruce Counties, including the city of Owen Sound. Preliminary reports indicate a substance identified as Fentanyl that is purple in color is responsible for some of these overdoses. All street drugs must be considered highly toxic, with fatal potential. More than 3 Overdoses in a 24 hour period triggers an alert.

Take extra caution by:

- Avoiding using alone. When using with someone else, avoid using at the same time. Call the OVERDOSE PREVENTION LINE at 1-888-688-6677 (NORS) if you must use alone
- Avoiding mixing different drugs. Mixing drugs, including alcohol, increases the risk of overdose.
- Going slow. Use smaller amounts and do test doses to check the strength of the drug.
- Knowing your tolerance. The current street supply may be toxic and fatal.
- Getting overdose prevention training and carrying a Naloxone kit.

Overdose is a medical emergency. Call 911 or go to the Emergency Department. The Good Samaritan Drug Overdose Act provides protection from simple possession charges when 911 is called for an overdose.

Naloxone is available for free from pharmacies and at the Grey Bruce Health Unit Mon-Fri 8:30 am - 4 pm, no appointment needed.
