

Overdose Alert.

March 25, 2024

3 non-fatal overdoses have occurred in Grey Bruce on March 23rd and 24th. Two occurred in Owen Sound, 1 in Hanover. Fentanyl is the suspected substance in at least one of the overdoses.

Follow these harm reduction practices:

- **Don't use alone. When using with someone else, don't use at the same time. Call or text NORS 1-888-688-6677 if using alone.**
- **Get overdose prevention training & carry a naloxone kit.**
- **Take extra caution if mixing substances. Mixing substances can increase the risk of harm and drug poisonings.**
- **Go slow. Always start with a low dose and increase slowly, especially if trying something new or restarting use.**
- **Use only new supplies and avoid sharing supplies. This reduces the risk of getting or passing on an infectious disease. Supplies are available at GBPH and community partners.**
