VACCINE DATA OVERVIEW REPORT

GREY BRUCE COVID-19 VACCINATION OVERVIEW

Data notes: Figures 1, 2, 6, and 7 represent COVID-19 vaccines administered in the Grey Bruce Health Region, both by the Grey Bruce Health Unit and participating partner organizations. These figures include all doses administered in Grey Bruce, regardless of whether they were given to Grey Bruce residents. These include both first and second doses, and do not represent a unique count of individuals.

Figures 3, 4, and 5 represent residents of Grey Bruce, who have received one or more doses of a COVID-19 vaccine, regardless of where the vaccine was received

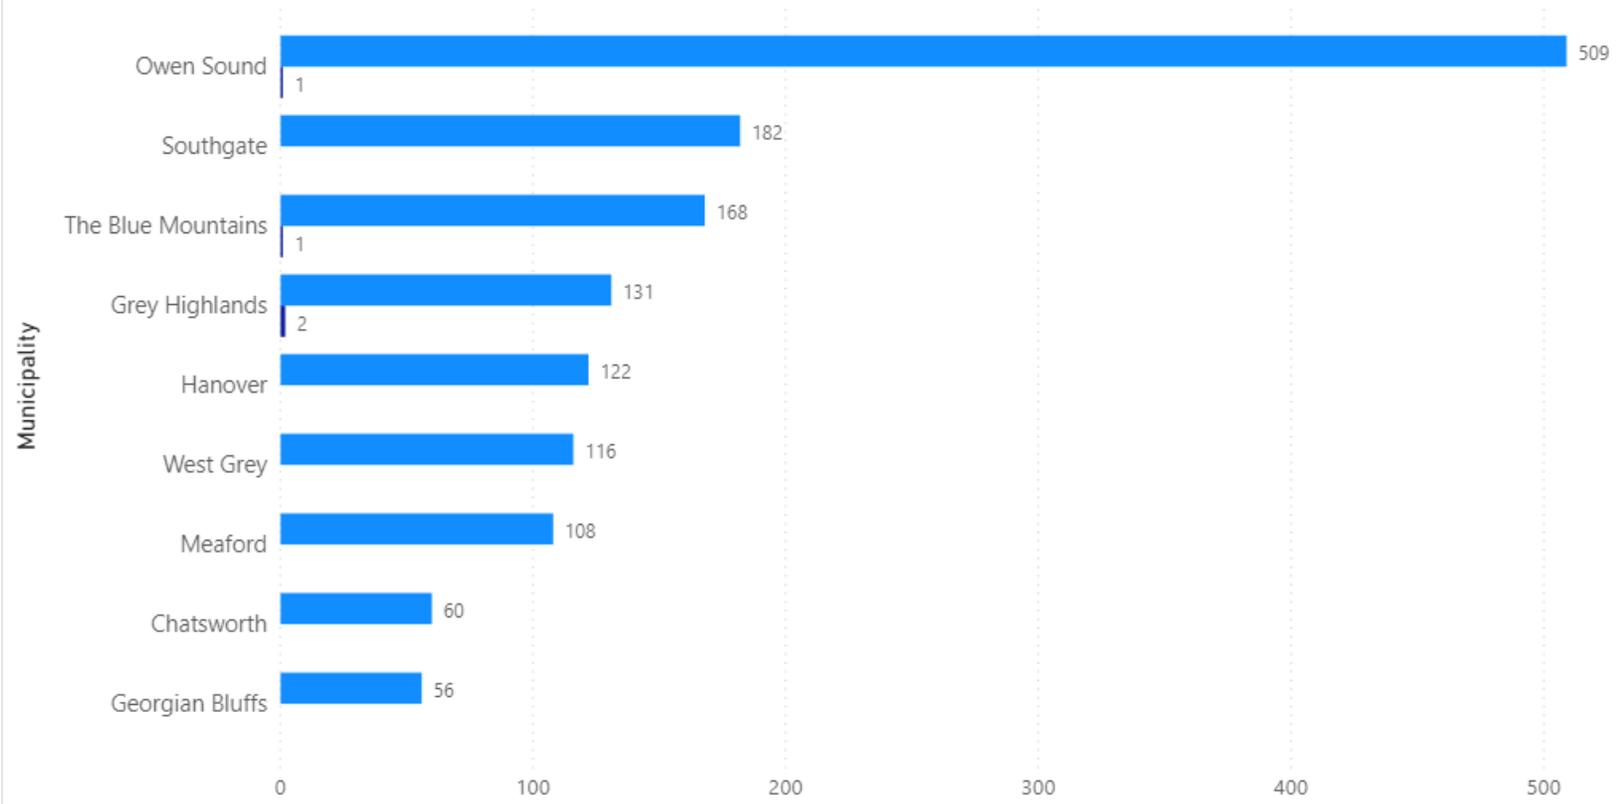

Data source: data extracted from COVax-ON via IntelliHEALTH.

Data last refreshed August 17, 2021. Data are refreshed daily and are current up to 11:59 PM on the previous day.

Vaccine Data Overview (Please click link for full report, including vaccine coverage rates)

PLEASE NOTE: As of August 12, 2021, the Grey Bruce Health Unit adjusted the way vaccine coverage rates are calculated to be consistent with what is reported by the Ministry of Health. There are 2 main differences:

1. Population estimates are now be pulled from the 2020 Population Projections from the Ministry of Finance instead of the 2021 Registered Persons Database. This causes all coverage rates to differ slightly from what was previously reported prior to August 12.
2. Age group for vaccinated people are now assigned based on birth year instead of age at vaccination. For example, someone who was 17 when they received their vaccine but will be turning 18 this year will now be counted in the 18-29 age group instead of the 12-17 age group. This impacts the coverage rates by age group.

GREY BRUCE COVID-19 VACCINATION OVERVIEW

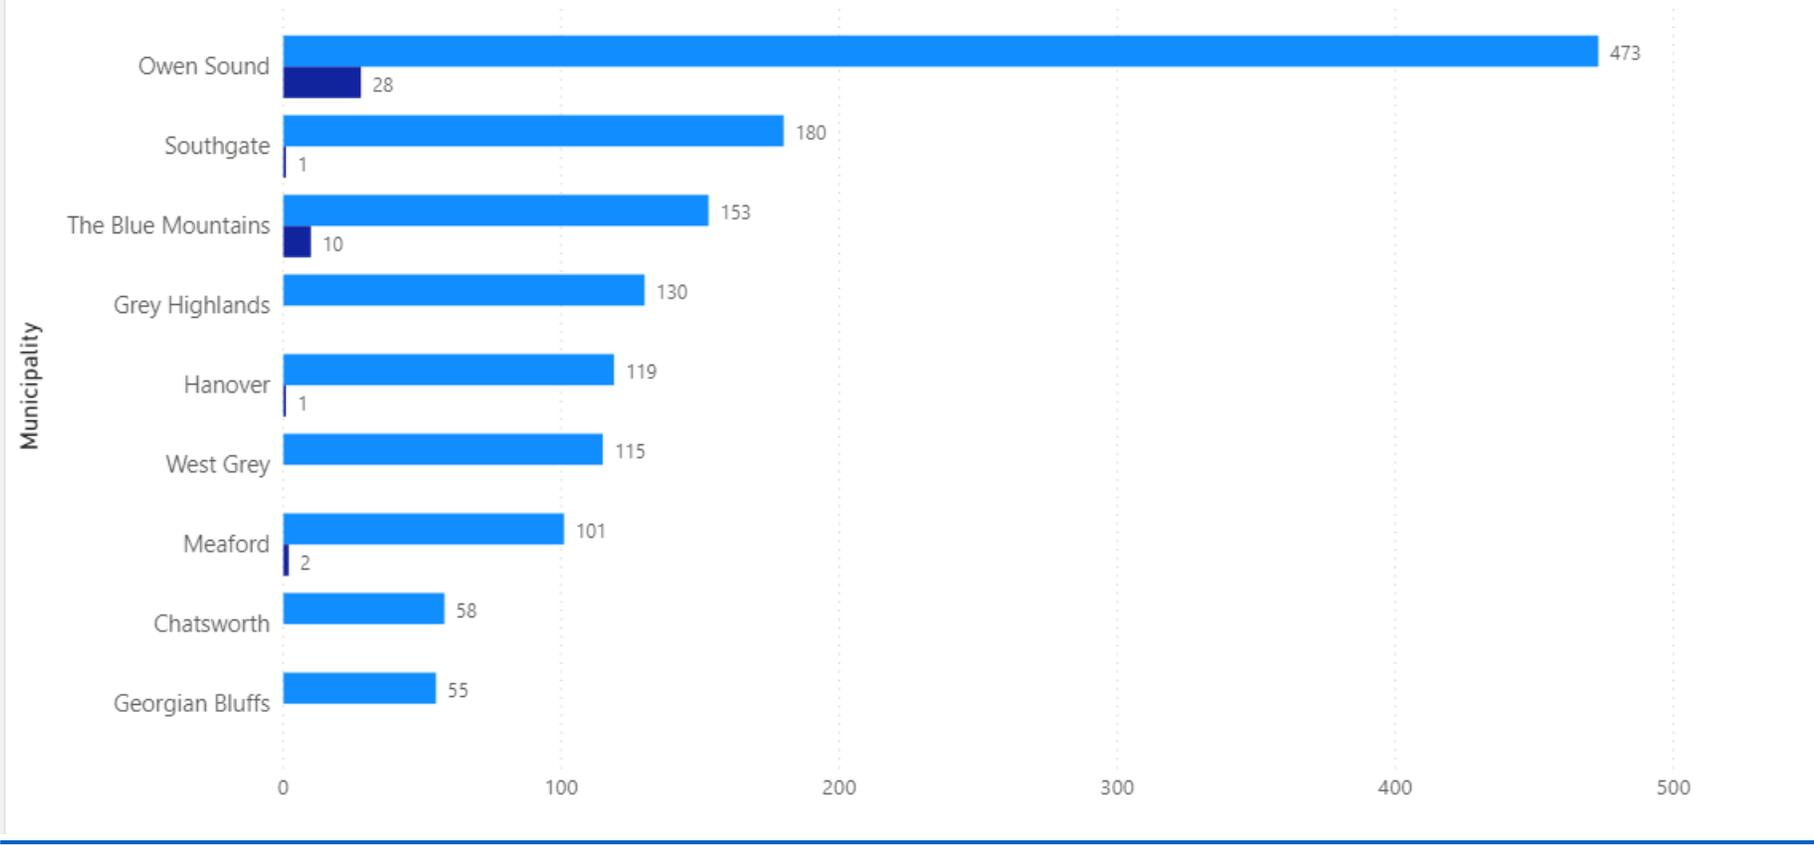

Data notes: Figures 1, 2, 6, and 7 represent COVID-19 vaccines administered in the Grey Bruce Health Region, both by the Grey Bruce Health Unit and participating partner organizations. These figures include all doses administered in Grey Bruce, regardless of whether they were given to Grey Bruce residents. These include both first and second doses, and do not represent a unique count of individuals. Figures 3, 4, and 5 represent residents of Grey Bruce, who have received one or more doses of a COVID-19 vaccine, regardless of where the vaccine was received. GREY BRUCE COVID-19 VACCINATION OVERVIEW

Data notes: Figures 1, 2, 6, and 7 represent COVID-19 vaccines administered in the Grey Bruce Health Region, both by the Grey Bruce Health Unit and participating partner organizations. These figures include all doses administered in Grey Bruce, regardless of whether they were given to Grey Bruce residents. These include both first and second doses, and do not represent a unique count of individuals. Figures 3, 4, and 5 represent residents of Grey Bruce, who have received one or more doses of a COVID-19 vaccine, regardless of where the vaccine was received. Data source: data extracted from COVax-ON via IntelliHEALTH.

Data last refreshed August 3, 2021. Data are refreshed daily and are current up to 11:59 PM on the previous day.
