**Manual Human error reported in the Table from November 23, 2020 table.**

\*Lab Confirmed Cases for Owen Sound total – Corrected from 69 to 68

\*Resolved case from Owen Sound was not taken out of Active Confirmed Cases columns – corrected from 3 to 2

\*Active Confirmed case was omitted from Grey Highlands on the table – Corrected from 3 to 4

\*Total Lab Confirmed Cases for Grey Highlands – corrected from 28 to 29

\*Active Probably case total – corrected from 9 to 8. In yesterday's report. Many resolved cases today reflect the current number.

## Situation Report #251: COVID-19

Grey Bruce Health Unit | Incident Management System

Nov. 23, 2020

**Current Situation:** [Ontario Public Health Classification Level Yellow](#)

### ***Stay Calm, Stay Kind, Stay Well***

*We have been seeing a deeply concerning trend of a significant increase in the number of cases locally, and in the number of close contacts of these cases. These findings are*

*indicative of fatigue related to following public health measures. It is important that we re-focus our energy on the basic measures that can keep us safe – the same ones that got us through the spring first wave, including: **the 3 Ws of Washing hands frequently, Watching distance (ideally 6ft), and wear face covering correctly.***

Testing and case counts reported as of 15:30 hrs, Nov. 23, 2020:

- 3 new case(s) reported in past 24 hours in Grey Bruce; Blue Mountains – 1, Southgate – 2
- 1 preliminary positive case(s) pending confirmation;
  - If confirmed as positive, will be added to totals
  - If confirmed as a false positive, will not be added to the totals
- 1 new indeterminate new case
  - If confirmed as positive, will be added to totals
  - If confirmed as a false positive, will not be added to the totals
- 283 confirmed cases to date (current cumulative total)
- 50 active case(s)
- Active Probable Cases – 8
  - Probable cases are not lab confirmed, but high-risk contacts of an active case, and also symptomatic
- 280 High Risk Contacts associated with active cases. **(it takes a tremendous amount of effort to manage this number of high risk contacts. This number will keep increasing, unless we limit, starting today, our unprotected encounters with all people outside of our own households)**
- 218 recovered cases, 15 cases referred to other health units
- 2 confirmed case(s) currently hospitalized in Grey Bruce
- 0 death(s)
- 36 cases reported in Health Care Workers working in Grey Bruce

### **Active Outbreaks:**

- 0 Facility(ies) in COVID-19 outbreak. Reported in [Long-Term Care/Retirement Homes](#)
- 0 Facility(ies) in COVID-19 outbreak. Reported in [Schools](#)
- 0 Facility(ies) in COVID-19 outbreak. Reported in [Childcare Centres](#)

### **Actions Taken In the Past 24 Hours:**

- Media Release – COVID-19 Associated with a School
- Public Health has been actively engaged to support schools with ongoing updates and consultation meetings with local Boards and officials from all schools in Grey and Bruce
- GBHU COVID-19 Team continue with case and contact management, reporting, and responding to COVID-19 related calls. Contact tracing exceeds provincial targets with 100% of all cases contacted within 24 hours
- GBHU Team continue to ensure essential public health activities not related to COVID-19

### **Provincial COVID-19 Data - <https://covid-19.ontario.ca/data>**

- Data at a provincial level specifically captures COVID-19 cases based on the geography that the client was diagnosed/tested

- [Local Data](#) as reported in the Grey Bruce Situation Report captures COVID-19 cases that require case management by the Grey Bruce Public Health Unit.

## Situation Report #244: COVID-19

Grey Bruce Health Unit | Incident Management System

Nov. 16, 2020

---

**Current Situation:** [Ontario Public Health Classification Level Green](#)

*In order to remain in the Green, we must stay vigilant with COVID-19 precautions. We have been seeing a deeply concerning trend of a significant increase in the number of cases locally, and in the number of close contacts of these cases. These findings are indicative of fatigue related to following public health measures. It is important that we re-focus our energy on the basic measures that can keep us safe – the same ones that got us through the spring first wave, including: the 3 Ws of Washing hands frequently, Watching distance (ideally 6ft), and wear face covering correctly.*

Testing and case counts reported as of 15:30 hrs, Nov. 16, 2020:

- 3 new case(s) reported in past 24 hours in Grey Bruce; 3 – Southgate
- 224 cases to date (current cumulative total)
- 33 active case(s)
- Active Probable Cases (cases not lab confirmed, but linked to an active case) – To be reported on in the near future
- Contacts Associated with active cases – To be reported in near future
- 177 recovered cases; 14 cases referred to other health units
- 0 case(s) currently hospitalized
- 0 death(s)
- 34 cases reported in Health Care Workers working in Grey Bruce

### **Active Outbreaks:**

- 0 Facility(ies) in COVID-19 outbreak. Reported in [Long-Term Care/Retirement Homes](#)
- 0 Facility(ies) in COVID-19 outbreak. Reported in [Schools](#)
- 0 Facility(ies) in COVID-19 outbreak. Reported in [Childcare Centres](#)

### **Actions Taken In the Past 24 Hours:**
