

Overdose Alert.

September 8, 2023

2 fatal and 7 non-fatal overdoses have occurred in Grey Bruce from Sept 1-7th. Fentanyl is suspected in 1 fatal overdose. There are reports of fentanyl that is beige or honeycomb in colour.

Follow these harm reduction practices:

- **Not using alone. When using with someone else, don't use at the same time. Call NORS 1-888-688-6677 if you have to use alone.**
- **Get overdose prevention training & carry a Naloxone kit.**
- **Take extra caution if mixing substances. Mixing substances can increase the risk of harm and drug poisonings.**
- **Go Slow. Always start with a low dose and increase slowly, especially if trying something new or restarting use.**
- **Use only new supplies and avoid sharing supplies. This reduces the risk of getting or passing on an infectious disease. Supplies are available at GBPH and community partners.**
